Prior to 9/11, the FBI had discovered the presence of a massive spy ring inside the United States run by the government of Israel. This seems a harsh gratitude from a nation which obtains 10% of its annual budget from the American taxpayer, $3+ billion a year. Over the years, American taxpayers have been required to send Israel more than four times what the US spent to go to the moon.

Let us be clear here. There is nothing benign about Israel spying on the United States. When Jonathan Pollard stole our nuclear secrets (which your taxes paid to develop) and sent them to Israel, Israel did not hesitate to trade those secrets to the USSR in exchange for increased emigration quotas.

Fox News, alone of all the media, actually ran the story as a four part broadcast, and put the story up on its web site. Then, without explanation, Fox News erased the story from their web site and have never mentioned it again. CNN followed by "Orwellizing" their report of the two hour advance warning of the WTC attacks sent to Odigo employees. But far more telling is the admission made by a US Official in part one of the Fox News report that hard evidence existed linking the events of 9/11 not to Arab Muslims, but to some of the more than 200 Israeli spies arrested both before and after 9/11, but that this evidence had been CLASSIFIED.

TVNL Comment: This is one of many aspects that illustrates how most people who believe the official story about 9/11 don't know the official story of 9/11 .
