

Let me tell you whiny Democrats something...the Bush cartel did not steal the elections from the Democrats...they stole the election from the other criminal cartels who decide in advance which men we may choose from to be our president!

The fact is that in order to be a US president, or a member of Congress who has even the slightest relevance, you must be approved by either the Bilderberg Group, the Council on Foreign Relations, the Trilateral Commission (Obama) or these days the Neocons (McCain).

And guess who has the last say about whom you can elect, or I should say "select"? AIPAC! That's right...if Israel doesn't pre-approve our politicians...forget it...they are not selectable! And that's a fact!

Wake up folks...the system is broken and for the life of me I can't think of a single way to use the system to fix the system.
