

Marriott Hotel has now become a ghost house which was yesterday the most beautiful and prestigious hotels in the Islamabad. While the condemnation of the blasts and the deaths and the loss of property is going on from all the quarters, some intriguing news is also pouring in.

After the blast, mysteriously fire was started at the fourth and fifth floors. It was said that this fire was the result of gas pipeline burst running through the hotel. The million dollar question is that was the gas pipeline not running through the other floors? Why the fire broke out from the fourth and fifth floors? That is the question which perhaps holds the key to the mystery as why the hotel was targeted yesterday, in which more than 60 people died including many foreigners.
